## WALTER J. ZABLE/SAN DIEGO CHAPTER

We are justifiably proud of the genuine sportsmanship and integrity exhibited in high school and college football. An emotionally integrated force, football provides the common denominator and rallying ground for students, faculty, alumni and friends of our great American schools, colleges and universities. To no small degree, football provides a unique training field for leadership in our competitive society. We earnestly strive to support educators in a desire to maintain the popularity of football as the finest and most testing game for developing skills of competition. Weighing equally with football ability in selection of the Scholar Leader Athlete awards, are scholastic excellence and community leadership. Tonight's event is the 42nd annual banquet to honor outstanding Scholar-Leader-Athlete high school and college players of the Greater San Diego area selected by the Awards Committee of this chapter.

## SCHOLAR-LEADER-ATHLETE SELECTION

The 2013-14 National Football Foundation and College Hall of Fame Scholar Athletes were selected from a group of outstanding nominees from San Diego area high schools, colleges and universities. The schools were contacted, and recommendations from principals and football coaches, along with grade transcripts, were considered. A scholastic average of 3.0 or better is one of the requirements for consideration of this top award. The student must have also received All League honors as a football player. Citizenship on and off the campus is a third consideration in the selection process.

## WILLIE JONES – IN MEMORIAM

In June 1994, Willie Jones had everything going for him. He was young, handsome, intelligent and had been awarded a four-year scholarship to Cornell University. Then, on the terrible, tragic night of June 17, a sudden act of violence ended those dreams and the promise he offered not only to us, but to the world he would have served.

We, at the Walter J. Zable/San Diego Chapter of the National Football Foundation, vowed that Willie would not be forgotten. We could think of no more fitting, nor more deserved honor, than to name our Most Inspirational Player Award in his memory. We hope that by reminding ourselves of our loss, we will be inspired to overcome with courage and the adversity we face in our own lives. At the same time, we hope his memory will inspire us to the kind of excellence he strived to attain.

Willie Jones was 18 years old when he was taken from us. He had a smile as big as all outdoors. Everyone who met him, loved him. He was a graduate with a 3.97 grade point average. He was the student council president, captain of his school's wrestling team, and planned to study to become a doctor at Cornell University.

His mother, Rosetta Jones, said she and her husband, Willie, are extremely proud that the chapter has named its Most Inspirational Player Award after their son. Mr. and Mrs. Jones are here and will present this award tonight.

## **WILLIE JONES MOST INSPIRATIONAL PLAYER**

### **Mykel Bernal Oceanside High School**

Mykel Bernal, the recipient of the 2017 Willie Jones Award, was told he would probably never play a down of football after having multiple heart surgeries as a young boy to repair an ailment. But he displayed a persistence and determination nobody could have expected to defy the odds, eventually developing into one of the top offensive lineman in the San Diego Section.

Bernal's resiliency, passion and drive are just a few reasons why he is respected to the highest degree by his peers, coaches and teachers at Oceanside High. The 6-foot-3, 295-pound offensive and defensive lineman's work ethic in the weight room, on the field and in the classroom made him the perfect choice for team captain. He was pivotal in that role for the Pirates in 2016, as he helped the team overcome the devastating loss of coach Pulu Poumele.

In the classroom, Bernal carried a 3.54 GPA, ranking him 69th out of 536 in his class. He has been recognized by the San Diego Union-Tribune as a scholar athlete for the past two years. Bernal has spent many hours volunteering his time as a coach with the Oceanside Warriors youth football program and with helping to organize the annual clinic for the organization.

Bernal was a force on both sides of the ball for the Pirates. The two-year starter played every position on the offensive line and played multiple positions on the defensive line. He helped Oceanside finish with an 8-3 record in 2016, earning All-Avocado League First-Team Offense honors along the way. Bernal was also part of the 2015 Pirates, which won the San Diego Section Division I title.

Bernal has two varsity letters playing football. He will continue to play football at Riverside City College and then plans to transfer to a university, where he aspires to study engineering. In his free time, Bernal enjoys working out and being with friends and family. Mykel is the son of Domingo Bernal and Rita Delarosa.

## COACH OF THE YEAR

**Tristan McCoy**  
**Rancho Bernardo High School**

Tristan McCoy, the 2017 recipient of Football Coach of the Year honors, has served as the head football coach at his alma mater, Rancho Bernardo High School, since 2011. The 1996 graduate of the school went 7-25 in his first three years before rebounding to go 34-5 over the last three seasons.

In 2016, following a CIF Division III-A state title run the previous year, the Broncos won their third straight Palomar League championship and reached the Open Division playoffs for the first time in school history. Rancho Bernardo stretched its winning streak to 20 games before falling to Helix in the Open Division semifinals. The Broncos finished with an 11-1 record.

McCoy's development of a culture based on the core values - brave, loyal, unrelenting and enthusiasm - has steadily helped lead the Broncos back to prominence. In 2014, Rancho Bernardo had a runner-up finish in the San Diego Section Division II playoffs. In 2015, the Broncos won the section's Division II title, a SoCal Regional championship and the school's first state championship in any sport.

McCoy, who won section titles at Rancho Bernardo as a player in 1993 and 1995, played football at St. Mary's College in Moraga. He went on to earn his Master's Degree at Columbia University before teaching history and coaching football and baseball at Mira Costa High School.

Since 2007, McCoy has been teaching history and coaching at Rancho Bernardo. He and his wife, Alisha, live in Rancho Bernardo with their two sons, Mason, 6, and Madden, 4.

## MERITORIOUS COACH OF THE YEAR

### **Mike Hastings** **Point Loma High School**

Mike Hastings, who is set to begin his 20th season as the head football coach at Point Loma High, has been a teacher, coach and mentor for countless students over the past 23 years. His main focus continues to be on being a transformational coach and there is nothing he values more than seeing his players graduate and become men built for others, great husbands, great fathers and community leaders.

Hastings' coaching career started at his alma mater, University High, in 1993, where he coached the defensive line for his former coach, Ron Hamamoto. In 1994, Hastings accepted a teaching and assistant football coaching position at Point Loma High. It was there that he was mentored by the legendary coach, Bennie Edens. After the 1997 season, coach Edens retired and Hastings was named head coach at the age of 28.

The next 19 years produced many great moments for Hastings: winning the first game of his career against El Camino and legendary coach Herb Meyer, winning several Western League championships and making multiple trips to the CIF San Diego Section championship game. He also cherishes the 13 years he was able to coach alongside his dad, Bill Hastings.

Mike graduated from University High School in 1987 and accepted a football scholarship to Cal Poly-San Luis Obispo. It was there that his college head coach, Lyle Setencich, and his defensive line coach, Bill Dutton, helped Hastings develop to his maximum as a player and continue to grow as person. Hastings also gives credit for his success to his high school coaches, Ron Hamamoto and Greg Delano.

Hastings has been married to his number one supporter, Linda, for 19 years. They have a 14-year-old daughter, Kylie, who is a freshman at Point Loma. Mike is the youngest of four brothers. His mom, Joan, lives in Point Loma and can often be found cheering on her son and the Pointers from the stands.

## OUTSTANDING FOOTBALL OFFICIAL

### Mike Downing

Mike Downing, the recipient of the 2017 Outstanding Football Official Award, started officiating in 1979 as a way to meet individuals in the Los Angeles area who loved the game of football as much as he does. He began his career in the San Fernando Valley Association. In 1984, Downing moved to San Diego and has been officiating football games all across the county ever since.

The 1979 graduate of Drake University has been a member of the San Diego County Football Officials Association since July of 1984. He has been a board member for several years, holding the positions of treasurer and president throughout his time.

Downing has officiated several San Diego Section playoff and section final games, as well as small college football games. He is currently a crew chief for local high school football games at all levels and still continues to officiate Pop Warner on Saturdays. Downing is also currently a member of the San Diego County Track Starters Association – a past president and active board member there.

Downing's passion for the game has led him to be the president of the San Diego County Youth Football Fund. The organization assists the San Diego football community in several different ways, helping with expenses for injured players and assisting parents with enrolling their children into Pop Warner when their finances will not allow them to do so.

Downing, who played football in junior high and at Aquin Catholic High School in Freeport, Illinois before earning degrees in Marketing and Actuarial Science at Drake University, has worked for Principal Financial Group since 1979. He is the vice president of employee benefit sales in San Diego.

Downing will be celebrating his 35th anniversary of marriage to his college sweetheart, Susan, in April. They have three children – Gregory, Ryan and Patrick – who played football for Cathedral Catholic High or its predecessor University High. Mike and Susan reside in Encinitas.

## CONTRIBUTION TO AMATEUR FOOTBALL

**Rocky Long**  
**SDSU**

Rocky Long, who is preparing for his seventh season as head coach of the Aztecs, has been a leader and role model for thousands of student athletes over his 39-year career as a football coach. He came to San Diego State in 2009, serving as the team's defensive coordinator for two years before being named head coach.

The Aztecs have only gotten better since then, appearing in six straight bowl games under his watch (seven overall)

and finishing the 2016 season with a No. 25 ranking in the polls. SDSU is coming off back-to-back Mountain West Conference championships and is 54-26 under Long, a three-time conference coach of the year honoree.

Long was just as successful prior to coming to SDSU. He had a school record 65 victories as the head coach at New Mexico from 1998-2008. Before that span, he served as the defensive coordinator at three different schools (UCLA from 1996-97, Oregon State from 1991-95 and Wyoming from 1981-85). Long was also an assistant coach at TCU (1988-90) and with the Canadian Football League's British Columbia team (1986-87). He started his career as a graduate assistant coach at New Mexico in 1972.

As a player, Long was a three-year starting quarterback at New Mexico. The 1971 Western Athletic Conference Player of the Year graduated from the school in 1974 with a bachelor's degree in secondary education. He was a three-time academic all-conference pick and received the Western Athletic Conference Scholar-Athlete Award in 1970. He played professionally in the Canadian Football League (1972-73 and 1975-76) and in the World Football League (1974).

Long and his wife, Debby, have two daughters, Roxanne and Hannah. Both have head coaching experience at the university level, Roxanne in women's basketball and Hannah in women's volleyball.

# NATIONAL FOOTBALL FOUNDATION & COLLEGE HALL OF FAME

## Purposes of the NFFCHF

- The PROMOTION of our American Football game as an integral and vital part of our educational process.
- The ENCOURAGEMENT of playing the game at all levels of competition on sandlots, in junior and senior high schools and in colleges.
- The ESTABLISHMENT of the proper incentives and ideals for American youth consistent with high standards of sportsmanship among the players.

Except for a small professional staff, the work of the National Football Foundation is carried on entirely by volunteers organized into more than 119 chapters in the football centers of our nation. Membership is expected to rapidly exceed 12,000 members lending their enthusiasm and help through these local chapters. Recognition of young Scholar Leader Athletes is one of the most rewarding efforts of the National Football Foundation and truly brings the spirit of the Foundation to the grass roots level throughout the country.

## The College Football Hall of Fame

In recognition of achievements on the football field and their contributions to society, more than 796 football players and 170 coaches from more than 268 colleges have been elected to the College Football Hall of Fame in South Bend, Indiana.

All members of the National Football Foundation have the privilege of placing in nomination the names of worthy college players who have completed their active careers at least five years before nomination. Annually, each chapter selects several players for consideration by a regional screening board. New Hall of Fame members are elected by a distinguished group of people closely identified with football, serving as the National Awards Committee.

As America's greatest competitive sport, football deserves its place in our country's history, setting the standard for all amateur sports. Commemorating this position of leadership, the College Football Hall of Fame becomes a national shrine devoted to fair play, courageous action and the will to win.

It is these aspects of the game — its influences on national character, its hardening and tempering of the will — with which the College Football Hall of Fame is most concerned.
